

GHA Announces New Director of Emergency Preparedness

Effective 7/1/2023, Mallory Garrett will be the new Georgia Hospital Association (GHA) Director of Emergency Preparedness. Mallory has been GHA's Emergency Preparedness Communications Director for the past 2 years. In this capacity, she trained coalition members on the electronic platforms that were funded by the Healthcare Preparedness Program, and she coordinated the vendor contracts associated with these platforms.

Mallory has participated in many coalition exercises and meetings and has been a great resource for those requiring assistance with the electronic tools. Most recently, Mallory spearheaded the creation of the new GHC911 website. Thanks to Mallory's expertise and leadership, a much-improved emergency preparedness website is now in use by coalition partners.

Mallory will be training with Adrienne Feinberg until Adrienne's retirement on 6/30/23.

Please congratulate Mallory on her new position.
